

# Graz'n Acres Therapeutic Riding Center

## 2021 ANNUAL REPORT

Dear Friends of the Center -

Things are finally returning to the new normal in 2021. Our At-Risk Program resumed services and our 2 Morning School Programs are scheduled for return in 2022. We couldn't be more excited to having all of our students coming back after challenging times of offering services safely.

Thank you to everyone that has continued to support the center and our services thru the last 2 difficult years of some closures and COVID. By 2022, we will be back to serving over 100 a year and trying to include those on the waiting list, since we've seen an increase in those requesting help with anxiety and depression.

We appreciate everyone involved with the center and hope our work continues to be worthy of your support and generosity!

Sincerely,

Cyndi Raiford  
Director / CTRI Lead Instructor
